No 8988 dated 31-23-48 dated the 8th May 1924 he was transferred to the Victoria Hospital, Bangalore, for charge of the clinical laboratory in that institution 3) On this office letter No L3542 dated 6-24-47 dated the 7th Nov 1924 the Comptroller was informed that Dr P. Partharasarathy may be continued to be shown in the civil list in a distinct grade between the 1st & 2nd Grade of Asst Surgeons

as contained in the civil list corrected upto 1st July 1924.

3) From the letter and order of D/ 22nd Nov 24 referred to above it is not the intention of Govt to absorb a Pasteur specialty in the Local Dept, but that he is posted to work in the laboratory of the Victoria Hospital, (Mumbai temporarily). The question of reorganising the work of the Bacteriological Institute is now under the consideration of Govt, and separately, and the question of preparing Rabies vaccine in our P. I. Institute is also being considered. Dr Paranjpe's services may perhaps be required in connection with any of these. The Rabies, therefore is not to be absorbed permanently in the Medical Department at this stage

4) If the Comptroller has any objection to the working of the Parliamentary Secretary in the Medical Dept, while his pay is being met from the Sanitary Dept under "P.H. (5) If the foregoing recommendations are accepted, there appears to be no reason for the revision of the promotions in question, which have been approved & approved by H.E. the Governor.

The correct significance of Mr. Parthasarathi Chetty's transfer, ordered in Notification No.L.8820-Med.31-23-48, of the 8th May 1924 is, that the officer, who was a supernumerary in the Public Health Department, became a special officer of the Medical Department, which is consistent with the special position given to him in the Civil List, where he is neither an Assistant Surgeon of 1st Grade nor one of the 2nd Grade. Even the notification does not post him to any of the sanctioned charges, in which case alone he could be reckoned as counting against the sanctioned strength of officers of the department.

(7) That part of the wording of the notification, which directs that he is to relieve Mr.Varadiengar, cannot affect the question, in as much as Mr.Varadiengar himself was not filling one of the sanctioned Assistant Surgeons' charges on the staff of the Victoria Hospital (Resident Medical Officer, Assistant Surgeon Medical side, Assistant Surgeon Surgical side or lady Assistant Surgeon, female side), although he belonged to the regular list of officers of the department. His relief from the charge of the laboratory of the Victoria Hospital should be considered as removing an anomaly viz., an officer on the regular strength being solely posted for duties not included in the regular sanctioned charges.

(8) The entire correspondence relating to Mr.Parthasarathi's transfer to the Medical Department, so far as this office is aware, supports this view.

20/ What Mr Secretary Simpson says is incorrect. It was not his intention & his post to absorb Mr Parthasarathy in his regular Medical Cadre. He was a Supernumerary Press Health dept. and as he had not completed work in his laboratory, he was asked to do his work & in bacteriology in the Victoria Hospital in place of Mr Venkata Iyengar who hurriedly was not getting the required leave. Mr Parthasarathi under these circumstances is to be regarded as a Special Press & his vacancy in his post & Simpson cannot therefore be absorbed.

Subject:—

Position of Mr. P. Parthasarthi, supernumerary Assistant, Public Health Institute, working in the Clinical Laboratory, Victori Hospital.

—•—

The Comptroller having raised the question of the position of Mr. P.Parthasarthi among Assistant Surgeons, Government passed order on the 27th November 1924 after consulting the Senior Surgeon that Mr. Parthasarthi may continue in a distinct grade between the first and the second grades of Assistant Surgeons.

On the 13th November 1924 certain acting promotions in the Medical Department were ordered by Government in the vacancy caused by the grant of leave to Mr. F. Fernandez preparatory to his retirement. In this connection the Comptroller pointed out that Mr. Parthasarthi would have to be reckoned against the vacancy in the cadre of Assistant Surgeons and that consequently the promotion of two of the officers, Messrs. P.Shama Rao and A.B. Renu, might not be admissible.

The Senior Surgeon has explained in his unofficial note date the 20th January 1925 that Mr.Parthasarthi was a supernumerary (in a distinct grade) in the Public Health Department and became, by his transfer to the Medical Department ordered in May 1924, a special officer in the latter Department (in a distinct grade), and that he is not an Assistant Surgeon of the first grade or second grade.

The question of Mr.Parthasarthi's position was again discussed in Council on the 11th March 1925 when it was resolved tha as a temporary measure Mr. Parthasarthi may be treated as an extr officer in the Medical Department during the period of his employment therein and until he is absorbed in the Medical or Public Health Department.

The resolution of the Council may be graciously approved.
